KCLS 1 Million Reads Challenge

Celebrate intellectual freedom, exercise your First Amendment rights, and practice your freedom to read or listen to books that meet your individual needs or preferences.

The goal is simple: Select any book you want to read or listen to. Together, we will track one million minutes of reading in 2024. Let's come together to make this reading challenge a success!

How It Works

- **Fill out the Reading Log. Mark a box for each hour read, listening or read to someone else.**
- **Or, sign up at kcls.beanstack.org/reader365 to track your reading online.**
- **Bring the completed sheet into the library by December 31, 2024, and give the log to staff to be entered into the prize drawing.**
- **You may enter the drawing for each 10 hours of reading or listening completed.**
